RE: Certification of Support for Rural and Non-Rural High-Cost Carriers Pursuant to  
47 C.F.R. Sections 54.313-314, CC Docket Nos. 96-45 and 00-256.

The New Hampshire Public Utilities Commission hereby certifies that all federal high cost support provided to rural carriers in this state will be used only for the provision, maintenance, and upgrade of facilities and services for which the support is intended, consistent with section 254(e) of the Communications Act of 1934, as amended. This includes High Cost Loop support (HCL), Local Switching Support (LSS), High Cost Model support (HCM), Hold Harmless support (HH), and high cost support received pursuant to the purchase of exchanges.

Attached is the list of rural carriers certified by the New Hampshire Public Utilities Commission pursuant to sections 54.313 and 54.314 of the FCC's rules (47 C.F.R. § 54.313, 54.314), which require states to establish an annual certification process for rural and non-rural carriers receiving federal high cost support. Non-rural carriers do not receive high cost support in New Hampshire. As requested by the Universal Service Administrative Company, listed beside each carrier is its assigned study area code (SAC).
